## How to use handrail with slide function

Press the 2 buttons at both left and right sides (circle at left side image here)  
There are 3 levels if you press the buttons and push down first and second levels

## Complete picture

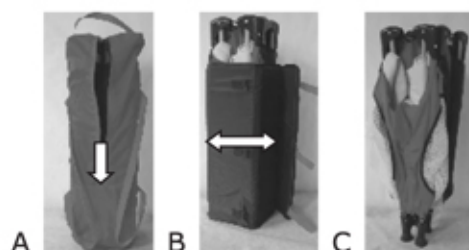

## Maintenance:

1. To avoid risk of injury to baby, please check and maintain the cot periodically.
2. If folding or unfolding isn't smooth, check carefully and operate as the instructions specified to avoid unwanted damage.
3. When installing and using, must make sure all parts are complete.
4. Washing the fabric parts of the cot with neutral washing solution and 10°C ~ 20°C warm water to avoid fabric damage.
5. Do not use the cot overload.

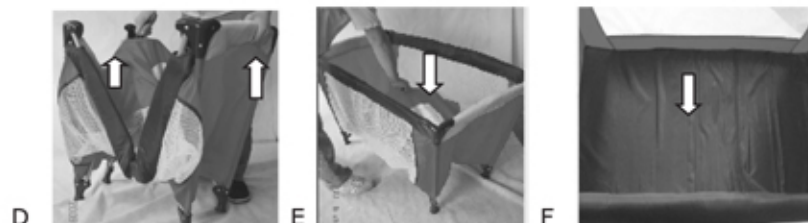

**Note:** Before using the baby cot please take a few minutes to read this manual, that will help you use it in the right way.

## Installation and Usage Way (To Unfold)

1. Unzip the zipper on the bag (see figure A)
2. pull out the cot, spread the velcro belts from the sides (see figure B)
3. take out the mattress(see figure C)

4. Lift the base gently, and then lift the middle position of handrails (see figure D)
5. While handrails are fully locked, press down the centre of the base. Now the playpen is unfolded and fixed (see figure E)
6. Put down the mattress from the upside (see figure F)。

## How to use the brakes

Lift up brake bar (fig:13): unlocked

Press down the brake bar(fig.14): locked

## (To Fold)

1. Remove the mattress from the cot (see figure A)
2. Lift the base with your hand (see figure B)

**Note:** There is double lock system in the base, and it shall be unlocked.

3. when you lift the belt, lever off the base, lift one handrail and press down its pushbutton at the same time so that the handrail is folded (see figure C). Repeat for other three handrails. **Note:**

While press down the pushbutton of handrail, be in case of the wrong way (see figure D)

4. After folding, tighten the mattress and pack it in the carry bag (see figure E)

## How to use second level

1. Zip the second layer on to the playpen.(see figure A & B)
2. Take the 4pcs of steel tubes out.(see figure C)
3. Insert the steel tubes,one side into the fabrics holes and the other two sides joined together.(see figure D & E & F)
4. Lay down the mattress.(see figure G)
